

## GOVERNMENT GETS INJUNCTION AGAINST STRIKING SHOPMEN

Was Issued by Judge Wilkerson Yesterday  
—Hearing is Set for September 11—  
Daugherty Says Unions Cannot Dictate  
to Government—To Protect Open Shop

(By The Associated Press)  
CHICAGO, Sept. 1.—Taking of the most drastic steps  
ever attempted in a strike situation, the United States govern-  
ment today obtained a temporary federal order re-  
straining striking railroad shopmen, their officers and af-  
filiated bodies throughout the country from interfering in any  
way with the operation of the nation's railroads.

The restraining order, hearing on which was set for  
September 11, was issued by Federal Judge Wilkerson, on  
the petition of United States Attorney General Daugherty,  
who came here from Washington to argue for the action.

The order enjoins until the hearing all railway em-  
ployees, attorneys, servants, agents, associates and all per-  
sons acting in aid or in conjunction with them from in any  
manner interfering with, hindering or obstructing railway  
companies, their agents, servants or employees in the oper-  
ation of their respective railroads and systems of transpor-  
tation of passengers and property in interstate commerce and the  
carriage of the mails and from in any manner interfering with  
employees engaged in inspection, repair, operation and use of trains,  
locomotives, cars and other equip-  
ment and from attempting to  
prevent any person from freely  
entering into or continuing in the  
employment of the companies for the  
purpose of inspection and repairing  
locomotives and cars or otherwise.

## EMMERSON SAYS PROPOSAL TO BE PLACED ON BALLOT

Only Intervention of  
Court Will Prevent  
Vote on Wine  
and Beer

(By The Associated Press)  
SPRINGFIELD, Ill., Sept. 1.—  
A proposal for a public policy  
vote on wine and beer will go on  
the November ballot unless the  
courts intervene, Secretary Louis  
L. Emmerson announced here to-  
day after receiving from a large  
delegation of "wet" boosters the  
petition bearing 550,000 names  
sent down from Chicago.

The petition arrived in a motor  
truck and was followed shortly  
afterward at 1:30 P. M., by a  
delegation of Chicago "wets" who  
came in a special train. Secretary  
Emmerson waited in his office,  
while the "wets" crowded the city  
in 175 automobiles and then re-  
ceived the leaders at the capitol  
building. He told them he would  
file the petition.

Hundreds crowded forward at-  
tempting to touch the document as  
it passed into the capitol build-  
ing. They waited outside while  
the leaders conferred with Em-  
merson.

In accepting the petition for  
filing Secretary Emmerson said:  
"There has been some specu-  
lation as to whether or not I  
would file the petition for a pub-  
lic policy vote on light wines and  
beer when it was presented. The  
attorney general informs me that  
I have no discretion in this mat-  
ter. Under the law I can act  
only in ministerial capacity. The  
sufficiency of the petition and  
whether or not this proposi-  
tion should be submitted to a  
vote of the people are proper  
questions for the courts but not  
for the secretary of state to de-  
cide."

"It would be just as legal for  
me to throw out primary peti-  
tions of legislative candidates be-  
cause they were 'wet' or 'dry' as  
for me to refuse to file this peti-  
tion."

## HOT SEPTEMBER

of June 16 when the high tem-  
perature recorded was 95 degrees  
today was the hottest day of  
summer.

## PROPOSE TO HAVE NINE JUDGES IN SUPREME COURT

Substitute Will be Presented  
When Convention Meets  
September 12

(By The Associated Press)  
SPRINGFIELD, Ill., Sept. 1.—  
Nine judges of the Illinois supreme  
court are provided for in a substi-  
tute section to the proposed new  
constitution which will be pre-  
sented to the constitutional con-  
vention when it reconvenes Sept.  
12, according to plans laid at a  
meeting of seven members today.

A motion will be made to re-  
consider the constitution for the  
sole and only purpose of substi-  
tuting the supreme court change,  
Henry I. Green of Urbana, chair-  
man of the committee on sub-  
mission and address, stated.

The document as it now stands  
provides for redistricting the  
state so Cook county would be one  
complete district with two judges,  
but leaves the court with seven  
members as at present consti-  
tuted. The proposed substituti-  
on would disturb the prevail-  
ing district arrangement but adds  
two judges and provides that  
three of these shall be elected in  
the district containing Cook coun-  
ty, with the limitation that not  
more than two judges shall be  
from any one county.

"We propose this substitution  
because of opposition that has  
come especially from northern  
counties," said Mr. Green. "Per-  
sonally I have been opposed to  
nine judges, but I do not believe  
this obstacle should jeopardize  
the constitution. The motion to  
reconsider the constitution for  
this purpose only is likely to  
pass as we have been assured  
of 35 downstate votes for it."

The members present today  
were Dryer, Rinaker, Lindley,  
Trautmann, Gilbert, Torrance,  
Moore, Goodyear, Adams, Chew  
and Green. Letters will be sent to  
the other members of the con-  
vention advising them of the pro-  
posed change.

## BIG FOUR PASSENGER TRAIN IS DERAILED

(By The Associated Press)  
INDIANAPOLIS, Ind., Sept. 1.—  
Big Four passenger train No.  
44 was derailed at Brownsburg,  
Ind., near here early today and  
one passenger, Mrs. Sarah Moon,  
of Hardingsburg, Indiana, was  
injured but not seriously. The  
cause of the derailment has not  
been determined but officials of  
the company believe a switch had  
been tampered with.

According to reports reaching  
here, the train which left Peoria,  
Ill., about 8 o'clock last night was  
near the station at Brownsburg,  
when it struck the switch. The  
engine, baggage car and mail car  
were overturned. Two day  
coaches were derailed. The sleep-  
er, the last car of the train did  
not leave the track.

R. H. Allen, superintendent of  
the Peoria & Eastern division of  
the road is making an investiga-  
tion.

## VERDICT RETURNED IN WRECK DEATHS

(By The Associated Press)  
CAPE GIRARDEAU, Mo., Sept.  
1.—A verdict of accident was re-  
turned by a coroner's jury tonight  
following the inquest into the  
death of the two men known to  
have been killed in a wreck of  
fast train No. 850 of the St. Louis  
& San Francisco railroad near  
Wittenberg, 35 miles north of  
here this morning when part of  
the train crashed thru a bridge.

About fifty passengers are re-  
ported to have been injured some  
seriously and probably may die  
as the result of their injuries,  
physicians said.

## GARGAE OWNERS MUST LIST CARS

Jacksonville garage owners  
need to be careful and see that  
they are complying with the Illi-  
nois Motor Vehicle act which re-  
quires that a record be kept of  
all cars kept on sale, in storage  
or that have applied for supplies  
or repairs. State investigators  
have started out to call at every  
garage and those that have failed  
to comply with the law are liable  
to arrest, the minimum fine being  
\$100 and costs and the maximum  
\$500. Two garage dealers of  
Danville were mulcted upon this  
charge this week and these inves-  
tigators may visit Jacksonville  
next. A little activity may save  
\$100. Under the new law gar-  
ages must keep for public in-  
spection, a full record of all cars  
held for sale, for storage or re-  
pairs, listing the name of the  
owner, the person bringing them  
to the garage, the name of car,  
model, license and motor num-  
ber. Livestock cars also must be  
listed, if any are used.

## WILL ATTEND PICNIC AT CLAYTON

A picnic of justices of the peace  
and constables under the aus-  
pices of the Illinois association  
will be held today in Clayton. Ex-  
tensive preparations have been  
made and the members of the or-  
ganization are anticipating a day  
of real pleasure.

Justice A. B. Oppman, Jus-  
tice C. O. Bayha and Constable  
Harley Adams are among the  
local people who expect to attend.

## INJUNCTION TO BE TREATED AS SCRAP OF PAPER

President Gompers Is-  
sues a Statement  
Anent the In-  
junction

(By The Associated Press)  
WASHINGTON, Sept. 1.—Re-  
gardless of the injunction issued  
at Chicago today, the American  
Federation of Labor will continue  
to raise funds and supplies in aid  
of strikers, its president, Samuel  
Gompers, declared tonight and  
will seek every way to help them  
to bring about an honorable ad-  
justment of their controversy.

Mr. Gompers declared the in-  
junction was outrageous and  
"an invasion of the constitutional  
rights of workmen" and should  
be so regarded. The federa-  
tion's view, he said, was as  
expressed on previous occasions,  
that injunctions invading consti-  
tutional rights should be treated  
as "scraps of paper."

The next regularly quarterly  
meeting of the executive coun-  
cil is scheduled to be held Septem-  
ber 9. Mr. Gompers said he would  
place before the council then,  
purely as a matter of routine  
business, the more than 200 com-  
munications he had received from  
union locals and other labor or-  
ganizations requesting the federa-  
tion to sponsor a general strike  
in sympathy with the shopmen.

Officials of the federation ex-  
plained that it was not within the  
authority of the council to or-  
der, or even authorize a general  
strike. This, they said would re-  
quire a national convention.

Considering the injunction, Mr.  
Gompers declared it represented  
usurpation of power by courts,  
and asserted the federation would  
continue supporting the strike  
with money and aid.

The injunction, he said, "might  
be stirring up a hornet's nest,"  
instead of pacifying the existing  
unrest, "because there are  
other railroad workers the train-  
men, the telegraphers, the main-  
tenance of way men, who may  
now become interested."

## NOT CONVINCED OF ANY MISCONDUCT

(By The Associated Press)  
WASHINGTON, Sept. 1.—The  
Washington government is not  
convinced there was any miscon-  
duct on the part of its two con-  
sular officers at New Castle, Eng-  
land, who recently were deprived  
of their authority by British af-  
ficials and until a proper investi-  
gation has been made no steps  
are to be taken to reopen the New  
Castle consulate.

The action of the British au-  
thorities in cancelling the exequa-  
tories of the two American agents  
was pointed out today automati-  
cally resulted in the closing of  
the consulate and if inconve-  
nient to British subjects has re-  
sulted the responsibility for it  
does not rest upon Washington.  
For the present no other consular  
officers are available for the new  
Castle post it is declared and in  
any case this government is im-  
mediately interested in having  
the doubt which has been cast  
upon its representatives cleared  
away one way or the other.

## BELIEVE ANOTHER CAVE-IN OCCURRED

(By The Associated Press)  
JACKSON, Cal., Sept. 1.—A  
great roar which came from the  
lower levels of the Argonaut  
mine where 47 workers have been  
entombed since Monday morning  
today startled crews at work  
in the main shaft of the mine.  
Those of the men who are  
familiar with the sounds which  
emanate from the shaft reported  
tonight that another cave-in had  
occurred in the vicinity of 4,000  
foot level, below which the  
workers are thought to be held.

## SIX HUNDRED MINERS ON STRIKE

Herrin, Ill., Sept. 1.—Six hun-  
dred miners employed at Mine  
No. 12 of the Madison Coal Cor-  
poration five miles west of here  
went on strike today when com-  
pany officials refused to allow  
some of the men, who ride to  
work in automobiles to park their  
cars inside of a fence which en-  
closes the mine. The men previ-  
ously had been given the privi-  
lege of parking their machines  
within the enclosure. No reason  
was given for the company's ac-  
tion.

## CAR SHORTAGE CLOSES HERRIN MINES

Herrin, Ill., Sept. 1.—About  
half of the coal mines in William-  
son county are idle because of the  
shortage of coal cars, according  
to information gathered by offi-  
cials of the miners' union tonight.  
Four large mines near here were  
operating only part of the day,  
while only two in the Marion dis-  
trict were reported to have been  
working today.

The shortage, it was said, is  
due to the lack of engines used  
for the return of empty coal cars.

## VARYING VIEWS ARE EXPRESSED ON INJUNCTION

Officials Are Satisfied, Labor  
Leaders Bitterly De-  
nounce it

(By The Associated Press)  
WASHINGTON, Sept. 1.—Ac-  
cepted in official circles as a de-  
liberate manifestation of the ad-  
ministration determination to use  
its every power to restore normal  
transportation facilities the in-  
junction issued today by Federal  
District Judge Wilkerson in Chi-  
cago was denounced by labor  
leaders here as an "outrageous"  
invasion of "strikers' rights"  
which should not be permitted to  
interfere with the efforts of them  
and their friends to win the shop-  
men's strike.

The restraining order did not  
represent the limit to which the  
government was prepared to go  
should it find that "other steps  
are necessary," administration  
spokesmen declared but they re-  
fused to indicate what avenue  
would be followed if supplemen-  
tary action were taken.

W. H. Johnston, as president  
of the International Association of  
Machinists represents one of the  
largest groups of men on strike  
declared the restraining order  
would not influence the strike  
leaders to abate in the slightest  
their efforts to make their fight  
effective.

President Samuel Gompers of  
the American Federation of Labor,  
echoed this assertion adding  
that the federation's view would  
be as stated in the past:

"That injunctions which in-  
vaded constitutional rights,  
should be treated as 'scraps of  
paper.'"

Both at the white house and  
the department of justice com-  
ment was withheld on the sudden  
action of the government to the  
federal courts.

Chairman Cummins of the sen-  
ate interstate commerce commit-  
tee who has maintained close  
touch with the industrial situa-  
tion since its inception expressed  
his approval of the injunction  
adding that his attitude would be  
the same toward any move that  
will help keep the railroads in  
operation.

Discussion of the proposed  
suit occupied a recent meeting  
of the cabinet it was said, and  
developed a decided divergence of  
opinion as to its advisability be-  
tween certain of President Har-  
ding's advisers. In some circles  
President Harding was under-  
stood to have for a time at least,  
aligned himself among those op-  
posed to seeking court action in  
the emergency which he was said  
to conceive as the direct responsi-  
bility the executive department.

## POSTAL UNIONS HAVE CONTROVERSY

(By The Associated Press)  
WASHINGTON, Sept. 1.—Two  
of the largest postal clerks in the  
country developed today, have  
taken issue with each other con-  
cerning the necessity of calling  
upon Will H. Hays, former post-  
master general to arbitrate differ-  
ences between one of the labor  
organizations and first Assistant  
Postmaster Bartlett. The na-  
tional federation of postoffice  
clerks issued a formal statement  
on Wednesday in the name of  
approximately 2,000 postal clerks  
which was represented to con-  
stitute its membership in which  
the charge was made that the  
postal service was being domi-  
nated by certain activities of  
Mr. Bartlett.

The era of good feeling and  
progressiveness which had marked  
the regime of Mr. Hays, it was  
further asserted had vanished  
largely thru the efforts of the  
assistant postmaster general to  
subsidize the postal clerks and  
use the service for his own glorifi-  
cation.

The United National Associa-  
tion of Postoffice Clerks repre-  
sented it was claimed nearly 35,-  
000 postal clerks in a telegram to  
The Associated Press from Buf-  
falo, N. Y., and signed by C.  
Franciscus, president, took issue  
with the statements made by the  
National Federation of Postoffice  
clerks and declared there existed  
no reason whatever for calling  
Mr. Hays into a situation which  
he had declared to require no  
"arbitration" as the "postal clerks  
of the country are entirely sat-  
isfied with the present adminis-  
tration of the postal service."

## ALLEGED SLUGGERS UNDER \$5,000 BOND

Harrisburg, Ill., Sept. 1.—All  
previous local records for bonds  
placed against accused men were  
broken today when County Judge  
Damon and Justice Sticklin put  
Gilbert and Clarence Cain under  
bonds aggregating \$5,000. Each  
of the men is accused of beating  
and robbing Elsieah Gidecum,  
and Andy Wallace, two prominent  
Saline county farmers at their  
homes at Independents township  
Wednesday. The farmer tipped  
the sheriff off to the location of a  
still and assault of Gidecum and  
Wallace by the Cain boys fol-  
lowed. They are held in jail.

## EARTHQUAKE IS RECORDED

Washington, Sept. 1.—An earth-  
quake of "pronounced intensity"  
was recorded by the seismograph  
instruments at Georgetown Uni-  
versity this afternoon. The trem-  
ors began at 2:35 p. m., and last-  
ed until after four o'clock the cen-  
ter of the disturbances being set  
at 6,000 miles from Washington.

## CLOSE WATCH IS BEING KEPT ON HERRIN SUSPECTS

Federal Agents Are  
on the Job Says At-  
torney General  
Brundage

(By The Associated Press)  
MARION, Ill., Sept. 1.—All per-  
sons suspected of being leaders of  
the mob that attacked non-union  
miners at the Lester strip mine  
here, June 22, and killed 22 per-  
sons are being watched closely  
by federal operatives to prevent  
their escape, Attorney General  
Brundage announced today at the  
close of the day's session of the  
grand jury investigating the af-  
fair. The prosecution, Attorney  
General Brundage said was taken  
to forestall an attempt to escape  
similar to that made by Otis  
Clark, miner of Goreville, Ill., the  
first man indicted by the grand  
jury. Clark is confined in the  
county jail waiting for release on  
bond.

"Federal operatives" Attorney  
General Brundage stated, "have  
been placed at the front and back  
door of their homes to remain  
there night and day. Anyone un-  
der suspicion has no more chance  
of escaping than a jack rabbit  
would have in the loop in Chi-  
cago."

Six additional federal opera-  
tives arrived today.

"The federal government has a  
definite plan of its own," Attor-  
ney General Brundage stated  
when asked about the federal gov-  
ernment's interest in the investi-  
gation, "which I am not at lib-  
erty to disclose."

The reported death of two Mex-  
icans during the rioting at the  
Lester strip mine also has been  
explained Mr. Brundage asserted  
by men of his staff. The report,  
which caused the Mexican em-  
bassy at Washington to send a  
man here, Attorney General  
Brundage stated was without  
doubt based on the death of a  
Mexican, who in the past had  
fallen from a coal tripper at West  
Frankfort, Ill., the day after the  
riot. A complete record of the  
facts will be sent to the state de-  
partment at Washington.

During the day's session of the  
grand jury, two witnesses refused  
to testify on the ground that they  
might incriminate themselves.  
Later, one of them, Noble Bell, a  
store manager in Johnston City,  
Ill., reconsidered and went before  
the grand jury in the afternoon.  
James Taylor, a miner of Marion  
remained firm in his refusal and  
late today was allowed to go  
home and told that he need not  
report to the prosecutors until  
called.

During the day important tes-  
timony as well as trivial infor-  
mation was given the grand jury  
by the score or more of witnesses  
who testified, according to  
prosecutors. Among them was  
Dr. John Black, in charge of the  
hospital at Herrin where the  
wounded were taken for treat-  
ment after the riot.

## HUSBAND OF PEGGY MARSH NEAR DEATH

(By The Associated Press)  
PLATTSBURGH, N. Y., Sept.  
1.—A. M. "Buddie" Johnson,  
husband of "Peggy" Marsh,  
actress and dancer, is near death  
in the Champlain Valley hospital,  
having shot himself accidentally  
thru the breast in the camp of  
Jack Clifford, husband of Evelyn  
Nesbit Thaw, on Chateau Gay  
Lake, last night. Mrs. Johnson  
who brought suit against Mar-  
shall Field, Ill., of Chicago for  
recognition of her child, was  
with her husband. Physicians  
hold little hope for Johnson's  
recovery.

## SETTLE DISPOSITION ON NORTHCLEFFE'S WILLS

London, Sept. 1.—The Daily  
Express this morning says it un-  
derstands that owing to the inter-  
vention of Viscount Rothmere,  
brother of the late Lord North-  
cliffe, the legal dispute over the  
two wills of Lord Northcliffe  
have been settled at a meeting of  
representatives of the contending  
parties. This action now mere-  
ly awaits confirmation by the  
courts.

## CAR INSPECTORS KILLED AT HAMMOND

Hammond, Ind., Sept. 1.—The  
bodies of Harold Caisley, West  
Gary and John Kall, Hammond,  
car inspectors for the Indiana  
Harbor Belt Railroad, were found  
mangled this morning in the  
belt wards here. They had been  
working under a brake beam  
when a string was hit by a bumper  
train.

## COPPER COMPANY INCREASES WAGES

Salt Lake City, Utah, Sept. 1.—  
The Utah Copper Company oper-  
ating mines at Bingham, Utah,  
today announced an increase in  
wages of 40 cents per day for un-  
skilled laborers and 50 cents for  
other workmen.

## STRIKERS TO AID ENFORCEMENT OF THE INJUNCTION

Pledge Support to Govern-  
ment in Suppressing Acts  
of Violence

(By The Associated Press)  
CHICAGO, Sept. 1.—Enforce-  
ment of the injunction obtained  
by the attorney general against  
lawless acts and violence in con-  
nection with the shop crafts strike  
will be aided by every power of  
the shop crafts organization said  
a statement issued by the execu-  
tive committee of the Railway  
Employees Department of the  
American Federation of Labor  
tonight.

"The officials of these organi-  
zations have done everything pos-  
sible since the beginning of the  
strike to maintain a peaceful sus-  
pension of work," the statement  
said.

"Considering the difficulties of  
preserving perfect order in any  
group of 400,000 men engaged in  
a struggle for a decent livelihood,  
it must be admitted that the  
strike has been a remarkable  
character of the workers involved."

"It is unfortunate that in a  
suit for the announced purpose of  
preventing lawlessness the attor-  
ney general's office has prepared  
and a court on hasty considera-  
tion has entered an order which,  
unless carefully interpreted might  
be read as a flagrant violation of  
constitutional rights of American  
citizens as repeatedly affirmed by  
the supreme court of the United  
States. Apparently either haste  
or failure to use the English  
language with precision has led  
to drafting of an order which too  
literally would deny the right of  
free speech or communication of  
any sort or just payment of debts  
or mutual aid in lawful associa-  
tion to men engaged in the peace-  
ful legal conduct of their busi-  
ness."

## WET DELEGATES FIND GINGER ALE IN SPRINGFIELD

That is What They Told  
Prohi Citizen They  
Were Drinking

(By The Associated Press)  
SPRINGFIELD, Ill., Sept. 1.—  
George H. Yule, district superin-  
tendent of the Anti-Saloon League  
as he watched the parade of Chi-  
cago wine and beer petitioners  
here today, observed a large  
number of men crowding into a  
soft drink parlor.

Thru the window he said he  
saw the bartender pouring liquor  
from a bottle having a suspicious  
shape and size. The liquor was  
going into glasses on the bar.  
Calling a uniformed policeman  
he demanded the arrest of the  
men and accompanied the police-  
man to the saloon.

The policeman stood in the  
doorway while the men hastily  
drank their glasses empty, Mr.  
Yule said.

Mr. Yule reprimanded the po-  
liceman for not making any ar-  
rests. He then addressed the men  
on prohibition, telling them they  
all ought to be arrested.

"We were drinking only ginger  
ale," chorused the visitors as they  
filed out. Most of them were  
from Chicago. No arrests were  
made.

NEW CASTLE ON THE TYNE,  
Sept. 1.—New Castle shipping  
and business circles today are in  
a state bordering on consterna-  
tion, owing to the closing of  
American consulate.

Numerous ships of various na-  
tionalities already are held up  
for lacking consular bills of health;  
ships of merchandise for the  
United States cannot go forward  
without consular invoices and  
many persons desiring to travel  
to America are clamoring for  
visas which under the regulations  
must be obtained from the consul  
in the district in which they re-  
side.

Meantime Consul Slater is  
working behind closed doors  
cleaning up the affairs of the con-  
sulate, preparatory to leaving for  
his new post at Corunna, Spain,  
while Herbert Shaw, secretary of  
the New Castle chamber of com-  
merce is urgently pressing the  
British authorities at London to  
make some sort of arrangement  
whereby business can proceed.

## GERMAN PHYSICIANS WANT RESTORATION

Hoboken, N. J., Sept. 1.—  
Surgeons of prominence in the

clinic in Munich, Bavaria to force  
the restoration to their former  
standing of the German physi-  
cians who were expelled from  
American Medical societies dur-  
ing the war.

## MINER OFFICIAL WOULD PREVENT RAISE IN PRICE

Legal Action is to be  
Brought by Presi-  
dent of Sub-  
District

(By The Associated Press)  
SPRINGFIELD, Ill., Sept. 1.—  
Legal action against Illinois Coal  
Operators to prevent them from  
raising the price of coal is to be  
brought by Freeman Thompson,  
president of the Springfield sub-  
district of the miners Mr. Thomp-  
son announced tonight.

After a conference today with  
his attorneys, he said he would  
institute injunction proceedings,  
basing his complaint on a charge  
of conspiracy in restraint of  
trade.

"Wages of miners have not  
been raised and the general cost  
of producing coal is the same as  
it was before the strike," Thomp-  
son said. "The price of coal  
should be just the same as it was  
last year. The operators' action  
amounts to a conspiracy in re-  
straint of trade."

## Lack of Cars Causes Shutdown

SPRINGFIELD, Ill., Sept. 1.—Lack  
of coal cars has caused a number of  
mines in Southern Illinois to  
shutdown temporarily, throwing  
1,500 men out of steady work  
Senator W. J. Sneed, president of  
the sub-district organization of  
the United Mine Workers of Illi-  
nois announced tonight. Whether  
or not the men will work tomo-  
row or the next day depends upon  
the number of empty cars receiv-  
ed in the field during the day and  
night, he said.

Williamson county mines, with  
a total monthly production of  
800,000 tons requiring 18,000  
cars for transportation face a  
serious curtailment of production  
because of car shortage due to the  
coal strike, according to R. B.  
Mitchell, county superintendent  
of the Ernst Coal Mining company.

**A THOUGHT**

When He giveth quietness, who can make trouble? And when He hideth his face, who can behold Him? Whether it be done against a nation or against a man only.—Job. 34:29.

Why should we desire to meet difficulties prematurely when we have neither strength nor light provided for them? Let us give heed to the present, whose duties are pressing; it is fidelity to the present which prepares us for fidelity to the future.—Fenelon.

Judge Hartwell's charge to the jury at Herrin sounded as if the judge might have had his next election time in his mind.

The wets chose a thirsty day for the filing of their petition in Springfield, asking for a vote on the light wine and beer proposition. Friday certainly was listed along with the "hot" ones.

Discussing a hackneyed out important theme the Prairie Farmer says in the current issue:

"The coal miners have gone back to work at their old wartime wages. Coal will go up about two dollars a ton at the mine. The United States Steel Company has raised wages 20 per cent. An increase in the price of steel is expected to follow. Will this place the farmer at still greater disadvantage in exchanging food for manufactured goods? Or will the fact that everyone is

**BERTON BRALEY'S DAILY POEM**

**It's Mutual**

By Berton Braley

WHEN He and She agreed to wed,  
According to Dan Cupid's whim,  
Her friends say, as they always said,  
"I don't see what she sees in him!"

While his friends tear her limb from limb,  
He's made a blunder, they aver,  
And so they say, with acid vim,  
"I don't see what he sees in her!"

"HE hasn't any business head,"  
"He's much too fat," or else "Too slim."  
"Why didn't she take Bill instead?"  
"I don't see what she sees in him!"

And his companions, dour and grim,  
Greet all her actions with a slur,  
And sing, while their eyes bedim,  
"I don't see what he sees in her!"

"MY dear," her senses must have fled,  
He isn't in the social swim."  
"Her future fills me full of dread,"  
"I don't see what she sees in him!"

"She has no style," "She isn't trim,"  
"This marriage ought not to occur,"  
"Poor Jack"—or Mike or George or Jim—  
"I don't see what he sees in her!"

Envoy

THEY'D cry, were he a seraphim,  
"I don't see what she sees in him!"  
They'd sigh, whatever her character,  
"I don't see what he sees in her!"

working at good wages increase the demand for food and bring better prices? About all we can do is wait and see."

If Mr. Ford is unable to secure coal for the operation of its big plants some of the operators in the Springfield district may be able to help him out. They are said to have long strings of loaded cars on side tracks waiting for destination. The temporary injunction asked by the U. S. and granted places the railroad property under the protection of the federal government. That fact will certainly be effective in putting a stop to railroad violence. The federal government has very effective weapons for such a purpose.

The coal operators have pledged that there will be no profiteering in coal this winter, but the public is not very much elated over that statement. The word "profiteering" seems to be capable of several interpretations. For instance, the public thinks an addition of \$1.50 to the price prevailing last April belongs under that heading, while the operators do not agree on this point.

The operators have often been accused of camouflaging in their presentation of coal industry facts to the public. They are not guilty in that regard this time, for they plainly and boldly express their purpose of adding enough to this winter's price to take care of the strike time losses.

**THE VALUE OF WORKING TOGETHER.**

The success of the Morgan county fair for 1922 furnishes a fine example of the value of co-operative action. The fair was organized by the Morgan county farm bureau and officers and members of the bureau were directly responsible for it. Within the past year business men of Jacksonville thru the Chamber of Commerce, took an active interest in the fair project. A common working basis was readily reached and Secretary Welch of the Chamber of Commerce became the secretary of the fair association, of which L. Reed is president and J. L. Henry, vice president.

There has been complete harmony of action and there is no question but that the interest of business men in the fair has been of assistance to the farm bureau men. Co-operative action turned the trick, and the fair results afford further proof that the interests of the city and county are identical and that the way to accomplish things is to work together.

**REGISTRATION DAYS AT LOCAL HIGH SCHOOL**

Students Must Register for Desired Subjects September 7, 8 and 9—Third Year Added to Manual Training Work.

Registration days at the Jacksonville high school have been announced as Thursday, Friday and Saturday, September 7, 8 and 9. The office will be open all day the first two days and until noon of the third day. The fall term at the high school commences on Monday, Sept. 11.

The students who have not previously registered for the subjects they desire to take this year are expected to report at the office some time during the three days designated above. Students who filled out elective blanks at the close of school last spring are not required to report on registration days, except where they wish to make some changes in their programs.

It will interest many students to know that a third year of work in the manual training department is to be offered this year. The installation of some new equipment, including a printing press, and the employment of two teachers makes it possible to offer a third year's instruction in this department. All students who desire to change their programs in order to take the third year in manual training should report some time during the registration days.

The same is true of pupils who are desirous of taking third year agriculture and who did not give in their names last spring.

I doctored with one family physician and he finally said he could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. After I had taken the first bottle I could see that I was getting better. I took several bottles of the Vegetable Compound and used Lydia E. Pinkham's Sanative Wash and I am entirely cured of my ailments. You may publish this letter if you wish."

Mrs. M. SHERRMAN, Route 2, Lake, Mich. There is one fact women should consider and that is this. Women suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound, and Mrs. Sherman's experience is simply another case showing its merit. If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Dr. E. Pinkham's Compound?

**STYLE SHOW PROVED**  
**FINE FAIR FEATURE**

Second Production Friday Night Successfully Given in Presence of Large Audience.

One of the most entertaining theatrical exhibitions ever staged in Jacksonville came to a successful close last night when the Fashion Show gave its second and last performance at the fair grounds.

The entire management of both performances and the caring of the overflow crowds was handled in as efficient manner as was possible under the conditions that confronted those in charge. The attendance at both shows was much larger than had been anticipated and this fact taxed the promoters of the show to the utmost. Yet all who attended felt that they had received their money's worth.

Last night's show went with more precision than the night before. The lighting effect was improved and the musical accompaniment was better, due to the efficient management of J. Bart Johnson who directed the Woodson band, and the piano playing of Miss Dorothea Sargent.

The show was undertaken by Messrs. Shanken, Smith, Hopper & Son, Louis L. Horen, Smart Shoe Co., and Myers Bros., as one means of cooperating with the fair association in the effort to make the night features of the fair as attractive as possible. This cooperation was mutual as the fair directors showed every helpful consideration toward helping the merchants put the show over.

**Names of Models**

Mrs. Donald Artz of Jacksonville, Mrs. Dorothy Lloyd of Chicago, and Mrs. Rose Kohlenbrenner of St. Louis augmented the original casts of models and helped to increase the array of beauty and style that put the style show in pleasant form to all who attended. The other models were Misses Dorothy Wall, Mary Cosgriff, Hazel Strawn, Elizabeth Arnold, Lucile Mason, Stella Hayes, Grace Tilton, Louise Trahey, Lucile Mellon, and Nell Prye. Children's clothes were modeled by Nedra Wright, Leah Shanken, Dixon Benson, Billy Lucas, Maxwell Obermier, and George Mitchell.

C. Justus Wright officiated as announcer for the pageant.

The management of the show feels its keen appreciation of the splendid work of the models and favors conferred by the various organizations and stores. For the artistic showing of the ladies' apparel by the models great credit is due Mrs. Myrtle Tandy, who was in charge of the models, and the entire force of the Shanken store who assisted on the grounds each evening.

Stanley Wright was in charge of the entertainment features and of the professional vaudeville acts attested to his ability to select live numbers.

H. J. Smith showed the prize winning hat of the Paris Grand Prix Fashion ball and Gage beautiful creations.

Shanken displayed the prize winning dress of the St. Louis Fashion Pageant and other excellent styles.

Louis F. Horen's untiring energy as chairman of the committee producing the show, gave assurance of the success it was. To him fell the intricate duties of making sure that every detail was seen to. The planning of the exhibits, the building of the stage and the lighting effects and the staging of the show was to a large extent his work.

Mr. and Mrs. William F. Elliott and sons, William and John, will arrive today from Chicago to visit with their parents, Mr. and Mrs. Frank Elliott.

## J. W. SPERRY'S HORSE MORE WON 2.20 PACE

When Dr. J. W. Sperry drove his brown stallion More to a straight heat victory in the 2:20 pace at the Morgan county fair Friday afternoon the large crowd accorded him a great demonstration. It was one of the most popular victories of the week as the crowd was with him from the first score down in the first heat.

The handsome son of Searchlight had a world of speed yesterday and was acting his best. He took the lead on the first turn in the first heat and from that time until he flashed under the wire in the third heat, winning the race, it was a procession with the doctor and More always well out in front.

More stepped each heat in 2:14 1/2 and was never extended. Farrar with Clara Todd took after Sperry in the first two heats and made a desperate effort in the stretch but Sperry just sat still and More sited home on the bit. Clark Green in the third heat also took after the stallion with Constant Dillon. Green made a great drive in the stretch but More was too fast and won by a good margin.

The 2:22 trot went five heats before a decision was reached. Neal with Lucile B took the first two heats in whipping finishes with Sylvia Bell. In the third heat Sylvia Bell won with Lucile B in the place. Sylvia Bell also won the fourth heat. When the horses came out for the fifth and last heat, Starter Deatherage called the drivers to the stand and warned them that the judges did not like the looks of the last heat and wanted them to drive a race. The horses raced together to the stretch where Neal made a desperate effort to win but Sylvia Bell outfooted Lucile B, to the wire.

In a special race to beat 2:30 trotting Trelston with Clark Green driving won, stepping the mile in 2:26 1/2.

The mule races created a great deal of excitement and amusement. When the animals got about fifty feet from the wire they all stopped and bunched up. For a while it looked as though none of them could be induced to finish. Finally the riders got them started and Henry won, Osborne, second; Cooper, third. Time, 1:10 1/2.

The consolation pony race was won by Billings, Roach, second; McCurley, third. Time, 1:11 1/2.

2:20 Pace—  
The first race on the card was the 2:20 pace. In the draw for positions Clara Todd drew the pole, Jess Willard in the place, Constant Dillon third, More fourth, Johnnie Todd fifth and Lopsy Forbes sixth.

They got the word the fourth time down. Sperry took the lead with More at the first turn and was never headed. Clara Todd was the only horse to give More a race but the brown son of Searchlight outstepped the mare in the stretch and won easily. Constant Dillon was third, Johnnie Todd fourth, Lopsy Forbes fifth and Jess Willard sixth. Time 2:14 1/2.

They scored three times before they got the word. More took the lead and was at the half in 1:06 1/2. Farrar made a hard drive in the stretch with Clara Todd but More was too fast and won by a length. Johnnie Todd third, Lopsy Forbes fourth, Jess Willard, fifth and Constant Dillon sixth. Time 2:14 1/2.

In the third heat they scored several times before getting the word. More took the lead and was at the half in 1:08. In the second half Green with Constant Dillon started to drive. He finally got in the place and made a whipping finish down the stretch. He could not reach More which was going easy. Johnnie Todd third, Lopsy Forbes fourth, Jess Willard fifth, Clara Todd sixth. Time 2:14 1/2.

2:22 Trot—  
The second race on the score card was the 2:22 trot with the following starters: Lucile B at the pole, Prince Morono second, Charlie Valentine third and Sylvia Bell on the outside.

After scoring three times they got the word. At the turn Valentine took the lead. He lead to the half and then Neal moved up with Lucile B and took the pole. Farrar with Sylvia Bell got up close on the upper turn and made a great drive in the stretch but Neal put Lucile B under the wire by a nose. Prince Morono third and Charlie Valentine fourth. Time 2:21 1/2.

In the second heat they received the word the second time down. Lucile B took the lead and stepped to the half in 1:10. Farrar moved up going down the back stretch and took second place. He again made a hard drive in the stretch but Lucile B outfooted Sylvia Bell and won by a head. Prince Morono was third and Charlie Valentine fourth. Time 2:21 1/2.

They scored twice in the third heat before getting the word with Lucile B in the lead. Sylvia Bell took the pole in the stretch in the first half. Neal made a hard drive in the stretch with Lucile B but could not reach the daughter of Fortune Bell which won by a half length. Prince Morono third and Charlie Valentine fourth. Time 2:22.

After scoring twice in the fourth heat they were given the word, Charlie Valentine taking the lead and was first at the half.

White Sox Take Five Inning Game By Score of 2 to 0—Robertson Drove in Both Runs.

CLEVELAND, O., Sept. 1.—Chicago ousted Cleveland from fourth place today when it won 2 to 0 in five innings, the game being stopped by rain. Robertson drove in both runs for Chicago and also drove in two more with a double in the sixth, the score, however, reverting back to the fifth inning. Chicago players did not have an assist.

**UPWARD TREND**  
**IN MARKET PRICES**

NEW YORK, Sept. 1.—Cover-  
ing of short contracts furnished  
impetus to the upward trend of  
prices in today's stock market.  
Total sales, which reached 1,046,  
700 shares, indicated investment  
buying by traders who expect a  
continuation of the bull move-  
ment next week in anticipation of  
better business conditions. Gains  
of 1 to 3 points were numerous  
in both the railroad and indus-  
trial lists. One of the outstanding  
developments of the day was the  
raid on Erie issues, apparently an  
indirect result of the Chicago &  
Alton receivership. Erie common  
rose more than 10 points but re-  
covered somewhat later closing at  
a net loss of 1 1/2. The first and  
second preferred suffered slightly  
smaller losses.

Motor shares responded well to  
the report of the national auto-  
mobile chamber of commerce that  
August production would exceed  
that of July by 20,000 cars.

St. Paul & Northern Pacific com-  
mon stock, closing at a net gain of  
3 1/2 points, Chandler moved up one  
half and General Motors improv-  
ed fractionally.

Call money closed at 4 1/2. Time  
money was firm due to the first  
of the month requirements. Out  
of town were the principal factors  
of commercial paper the rate for  
which also was firm in tone.

A firm tone prevailed in for-  
eign exchange probably as the  
result of French acceptance of the  
Belgian compromise plan on Ger-  
man reparations.

There was comparatively little  
trading in liberty issues, which  
showed irregular changes.  
Total bond sales (par value)  
were \$10,551,000.

by Dr. J. H. Tormey. Dr. C. S. Nelson of the state health department was in charge of the weighing and measuring again Friday, and Miss Lillian Havenhill again had charge of the mental tests. B. F. Shafer and his staff of assistants conducted the scoring work again Friday.

The committee on awards, who examined the score cards and selected the winners included Dr. W. P. Duncan, president Morgan County Medical society; Dr. A. B. Applebee of the Morgan County Medical Society; Dr. David W. Reid, Dr. A. L. Adams, Dr. Josephine Milligan, Dr. F. A. Norris and Dr. C. E. Black.

The children were scored on the following points: 1. Mental development; 2. Physical examination; 3. Oral and Dental examination; 4. Eye, ear, nose and throat examinations; 5. Measurements. Each examination was conducted by a different individual and nobody knew what the score of the child would be when it left the hands of the scoring committee.

Dr. Brokaw last night expressed his appreciation of the hearty cooperation of the Medical and Dental societies; Dr. David W. Reid, Dr. A. B. Applebee, Miss Ida Venner, R. N., superintendent of Passavant hospital; Miss Lillian Havenhill, B. F. Shafer and the large group of very loyal assistants, as well as the business men who very generously loaned equipment for use at the conference.

**Difficult Task.**  
It was a difficult task for the judges to decide in some instances as to the prize winners, the scores of some of the children were so very close. Some of the children had to be called back for re-examination and it was necessary to inspect a few of them again before the decision could be rendered as to the highest scoring children in some of the divisions.

The exhibit of the state department of public health was visited by large crowds during the entire fair week and proved to be not only very interesting but of great educational value.

While there was ample provision for the care of emergency cases, only a few called for treatment at the first aid room which included the rear porch of the health exhibit tent.

Additional assistants Friday for Miss Ida Venner, who had general charge of the examinations, were Mrs. J. W. Brown, Miss Margaret Spencer, Murrayville; Miss Rose Loneragan and Miss Helen Ryman.

The physicians scheduled by Dr. David W. Reid for the day included Dr. W. C. Martini, Dr. Carm Norbury, Dr. Grace Dewey, Dr. J. W. Wells, Dr. H. C. Wolman, Dr. Ellsworth Black, Dr. Josephine Milligan, Dr. A. L. Adams, Dr. W. P. Duncan.

Dr. A. B. Applebee, who has scheduled dentists for the entire conference, was assisted Friday

## FORMER RESIDENT DIES IN CHICAGO

Mrs. Leland Vincent Passes Away After Long Illness—Funeral Services Will Be Held In Chicago Probably Sunday

Relatives living in Jacksonville received word yesterday of the death of Mrs. Dessie Vincent at her home in Chicago. Mrs. Vincent was formerly of this city and the news of her passing away will be received by her friends with sincere regret.

Mrs. Sargent, the mother of Mrs. Vincent left for Chicago Thursday evening immediately on receiving word of her daughter's illness. Mrs. Vincent had been in poor health for some time. Her death, however, was unexpected. Her mother reached her bedside about a short time before her passing.

Mrs. Vincent was born and raised at Franklin and moved to Jacksonville with her family several years ago. Twelve years ago she married Leland Vincent who survives her. They have lived in Chicago the past ten years. The deceased is survived by her parents, Mr. and Mrs. C. N. Sargent of South Mauvasterre street; one brother, Clayton Sargent of this city; one twin sister, Mrs. Tessie Ogle of Chicago, and a niece, Miss Blanch Harney of Franklin.

The father and brother accompanied by Miss Harney left Friday for Chicago. It is probable that funeral services will be held in Chicago Sunday.

Dearest Dessie thou has left us  
And our loss we deeply feel  
But 'tis God that has bereft us  
He will all our sorrows heal  
Yet again we shall meet thee  
When the day of life is o'er  
When in Heaven with joy we'll  
greet thee  
On that bright and happy  
shore.

## FACTS ABOUT TURKEY TOLD TO ROTARIANS

Prof. Henry Dewing Made Address at Friday Luncheon—Served Six Years in Faculty of Roberts College at Constantinople.

Professor Henry B. Dewing, who for several years held a faculty position in Roberts college in Constantinople, was the speaker at the Rotary club luncheon Friday noon. Professor Dewing is enroute to begin new work at the University of Texas and was a guest of Dr. Carl E. Black, with whom he was associated in the work of the Red Cross commission in Greece.

Other guests of the club Friday were George Ogden of Winston, Conn.; John E. Hall, of Springfield; Dr. C. S. Nelson, district manager of the state department of health; Lester Reed and J. L. Henry, president and vice president of the Morgan County Fair association.

The two Jacksonville visitors spoke very briefly of the success of this year's fair and expressed the hope that even this good record could be increased for next year.

Professor Dewing was associated with Dr. Edward Capps at Princeton university for a number of years and it was because of that fact that he had part in the work of the commission sent to Greece under the leadership of Dr. Capps. However, the speaker confined himself to impressions about Turkey gained during his residence there. He referred to the founding of Roberts college and said it was but one of a number of educational institutions there. He emphasized the fact that the commission is not maintained by any religious denomination but was established there for the purpose of enlightenment, with the thought in mind that the spread of education will bring to pass some of those things that are often sought thru religious influence. Cleveland Dodge is at present serving as president of the college.

**Difficult to Understand**  
Professor Dewing said that when he first went to Turkey he expected that within a few months he would have a pretty good understanding of the characteristics and purposes of the people. He found, however, a study of the people a difficult matter, and that it took a long period of residence there to come into any accurate understanding of Turkish character.

Professor Dewing found some things to admire in the Turk, and many to condemn. In the Turkish Empire there is a great mixture of people and the American found contrary to his original belief, that the mere wearing of a red fez did not prove a Turk. He found that this is a custom which applies to all subjects of the Ottoman government, no matter to what race they belong.

So far no Turks have been converted to Christianity and for a Turk to embrace Christianity would be as great an act of disloyalty as it would have been for an American to speak and act for Germany in the time of the world war.

**Gentle But Savage**  
The speaker, commenting on the characteristics of the Turks, said that out in the country leading peasant lives the Turks impress one as harmless, gentle and hospitable. Yet each one carries a knife in his boot. An appeal to some spirit of partisanship will turn this gentle mild creature into a wild savage without feeling.

Based on his observation, Professor Dewing did not hesitate to express the belief that the Turk should be limited to Asia, that they have no place in Europe. He said that the Turk does not know how to organize private business or that of the government. He commands where he can and obeys when he must and has none of the characteristics which really qualify for leadership.

## MONTHLY WEATHER REPORT FOR GREENE COUNTY

White Hall, Sept. 1.—The monthly report for August of the White Hall cooperative station of the weather bureau shows continued lack of rainfall, an inch of rain on the 30th falling to bring the monthly total up to normal. The total rainfall was 1.27 inches, 1.86 inches below normal. There has been only 6.81 inches of rain since May 1st, against a normal of 14.56 inches for that period, and the fall of 1.62 inches on August 30th came too late to relieve the corn damage, estimated at 30 per cent over Greene county, except that late corn in the bottoms received great benefit, as did also sugar cane, late tomatoes and cabbage, and also pasture and forage crops, such as rape and millet.

The sugar cane industry in Greene county is of some value, there being approximately 1,000 acres devoted to sugar cane. In the neighborhood of White Hall are six mills that will make sorghum this season, being those of John V. Wyatt, William Taylor, (in town), Richey Reynolds, Mar Simmons, and the Dyer and Pence mills. The third crop of alfalfa is now ready for cutting, and soy beans are being out this week.

The average temperature for August was 76.2 degrees, one degree higher than normal. The mean maximum was 89.3 and the mean minimum 63.1. The highest reading was 102 on the 24th and the lowest 48 on the 28th. There were four days with precipitation of 0.01 inch or more, sixteen clear, seven partly cloudy and eight cloudy days.
